Abstract

Blah blah blah

Keywords: dimension reduction, divergence estimation, Hellinger distance, anomaly detection, k-d trees

1. Introduction

Blah blah. You can refer to papers (Witten and Tibshirani, 2011) or cite them directly as in Arias-Castro et al. (2020).

Add the following to the yaml header if you want to remove the JMLR details.

```
jmlroption: preprint
```

Acknowledgments
