Journal of Machine Learning Research,

I am enclosing a submission to Journal of Machine Learning Research entitled "Exploring Local Explanations of Nonlinear Models Using Animated Linear Projections". The manuscript is 24 pages long and includes nine figures. This manuscript has not been submitted to other journals or conferences. Though, some of the content of this manuscript was discussed in my thesis, currently under examiner review.

My coauthors and I do not have any conflicts of interests to disclose. I will be serving as the corresponding author for this manuscript. All of the authors listed in the byline have agreed to the byline order and to submission of the manuscript in this form. I have assumed responsibility for keeping my coauthors informed of our progress throughout the editorial review process, the content of the reviews, and any revisions made to the manuscript.

Please consider the following people for action editors:

- **Maya Gupta**
- **Isabelle Guyon**
- **David Jensen**
- **Samuel Kaski**

Sincerely,
